TONG GARDEN

SPECIAL GIFT PACK PRESENTATION

By:

TONG GARDEN®

About us

Tong Garden began in Singapore with one man, his bicycle, and the humble peanut. Today, we're a household name in Southeast Asia with a much wider range of products.

But even after five decades, some things stay the same. We're still family-owned and operated. More importantly, we're not just another profit-driven company. It was passion that drove our founder Ong Tong Guan to start the business. Along the way, this same passion helped us grow into a serious food manufacturer and a formidable competitor.

Being passion-driven simply means that we care deeply about our products, our people and our customers. Most of all, it means that we'll never compromise on quality, and we're constantly innovating to bring you more great-tasting snacks.

OUR BRANDS

We're best known as Tong Garden, but our family also includes the Noi, Amore and Sun gift brands.

Together, we're here to provide you with great-tasting products for years to come.

The Tong Garden logo features the brand name in a bold, yellow, sans-serif font with a registered trademark symbol, set against a solid dark blue rectangular background.

TONG GARDEN®

ABOUT US

Tong Garden's story begins in 1963, when Mr. Ong Tong Guan set up a small zinc-roofed factory in Singapore selling roasted peking nuts. Under his vision and leadership, Tong Garden quickly grew into a household name within Singapore, renowned for its wide range of quality products.

Since then, Tong Garden has continued to flourish under the leadership of our current Chairman - Mr. James Ong, to become one of Southeast Asia's leading nut and snack food brands. Today, Tong Garden employs more than 1,000 people and has factories in Thailand and Malaysia producing high quality nuts that are loved by consumers in over 45 different countries.

Being passion-driven simply means that we care deeply about our products, our people and our customers. Most of all, it means that we'll never compromise on quality, and we're constantly innovating to bring you more great-tasting snacks.
